

New Kangoo Express MAXI

Updated: 2010-04-19

Kangoo Express MAXI

Full range of vans on the market

A unique range:
3 lengths (3 wheelbases)

Kangoo Express MAXI

Arguments

- 4,0 m³ of usable volume in standard version
- 4,6 m³ in version with option „folding passenger's seat”
- 800 kg payload in standard version, without extra fee
- intermediate model between Kangoo Express Standard and Trafic

- compact dimensions and low roof => accessibility to most underground car parks and garages intended for standard passenger cars
- large capacity similar to bigger vans (Trafic)
- comfort and driving of a passenger car

Kangoo Express MAXI Competition

Elongated rear overhang	
Berlingo & Partner L2	
Kangoo previous generation „Grand Volume”	

Maxi versions represent 10% of the sub-segment:

Doblo Maxi: 45% of the sales mix*
VW Caddy: 20% of the sales mix*

* Sales share of the Maxi version in the overall sales of the model

Elongated wheelbase Real offers of vans with big volume Mix [L2/(L1+L2)]	
Doblo Maxi L2	
Caddy Maxi L2	
T. Connect L2	
Kangoo Express Maxi

Kangoo Express MAXI PHOTO GALLERY

Picture of grille is a sample

- Version Combi similar to version Kangoo Oasis!
- Floor in the cabin covered with easily washable integrated plastic trim (as in Kangoo after changes)
- Grille mounted in 2nd row, according with approval requirements (other type than presented on the picture) - increases the passengers' safety by sharing the cargo from the passenger cabin!
